

While visiting the Wythenshawe Bees, why not take a brief diversion to discover some of the local history or enjoy some of the expansive green space.

Real wellbeing. Wythenshawe.

Wythenshawe Bee Trail

The abundance of green space, parks and woodlands in Wythenshawe invites an outdoor lifestyle. The Trans Pennine Trail passes along the Mersey Valley through Northenden and the river hosts the annual Northenden Boat Race each August.

Wythenshawe is on the airport cycleway which consists of a series of new and improved on and off-road links, creating a high-quality route through Wythenshawe from Manchester Airport to Roundthorn, Medipark, Wythenshawe Hospital and then via Brooks Drive and Brooklands Road to the Bridgewater Cycleway.

Wythenshawe is the story of three ancient townships, Northenden in the north of Wythenshawe and Baguley in the west - both appearing in the Domesday Book of 1086 - and the third was Northern Etchells, the eastern part of Wythenshawe. Down the centuries the fortunes of these three rural townships were interwoven, bound together partly by the waters of the River Mersey, Baguley Brook, Fairywell Brook and Gatley Brook and partly through the matrimonial webs of the Tatton family, squires of Wythenshawe Hall.

Near 80 Days Around the World...

Heyhead Memorial Garden M90 3NS

A small memorial garden on Woodhouse Lane near Ringway Road. Formerly the site of a Congregational Church. The garden houses memorials including those of the church who fell in the two world wars. The garden and a nearby thatched cottage were part of the rural hamlet of Heyhead.

Airport Memorial Garden M90 1QX

Opposite Olympic House alongside the ramp to Terminal 1 departures. A small well-kept garden, it houses memorials recalling events in the life of the airport including memorials of regiments based at the airport during WW2.

Painswick Park M22 1GG

Sports and play facilities surrounding a large fishing lake.

Newall Green Farm M23 2TX

A restoration of one of the north west's oldest brick farm houses, dating back to 1697, when it existed as a wooden Yeoman's farm house, set in 4 acres of farm land. The farm conversion now provides supported independent living for adults with learning disabilities.

Rodgers Park M23 2YP

Rodgers Park is a large green space with plentiful tree cover and an historic woodland - the Brundrit. City of Trees is currently working with the community to preserve this important woodland as part of its Woodland Futures project.

Baguley Hall M23 1AQ

Baguley Hall is recognised as one of the finest surviving halls in the north west of England. It was built in the 14th century, possibly earlier, by the de Baguley family and is a timber-framed structure with wattle & daub walls. In the 17th and 18th centuries alterations were made to remodel the north wing and add the south wing.

Baguley Hall was used as a farmhouse until the mid-20th century before it was abandoned. The owner, English Heritage, has undertaken ongoing maintenance since the 1970s to the building and the grounds. The hall is not currently open to the public.

Wythenshawe Park M23 0AB

Parkland, gardens, horticultural centre and safari walk, sports facilities, community farm and café. Also home to Wythenshawe Hall, currently under refurbishment following a fire in 2016.

Near Overgrown...

Forum Centre

Surrounding the large Bee on the concourse are various integrated services on site, such as the library, leisure centre, and events hall. The Forum also has ten of the Bee in the City little bees on display.

Edible Interchange M22 5RX

Real Food Wythenshawe has planted edible fruit, herbs and vegetables at the Wythenshawe transport interchange, adjacent to the Forum. It aims to encourage people to eat healthily and the herbs and produce can be picked freely.

William Temple Church M22 0BU

William Temple Church was built in 1965 and is now a Grade II listed Building. It was designed by George Pace, considered by many to be the most influential post-war ecclesiastical architect in the country. The church has been described as one of the finest examples of post-war architecture in the north of England.

Peel Hall Park and moat M22 5DT

This monument is scheduled under the Ancient Monuments and Archaeological Areas Act 1979 as amended. Limited excavation of the moat platform during the early 1970's located cobbling and medieval roof tiles. Peel Hall bridge is a listed building Grade II.
